Re: Korean Course Change and New Course Requests

New courses and course changes are requested in order to streamline our Korean language offerings in a parallel fashion to Chinese and Japanese languages. There are two major threads in these proposals. One is to change the "year" designation to "level," like Chinese and Japanese. The other is to prepare for the implementation of the Individualized and summer intensive tracks.

Please let me know if you need any revisions or additional materials on these proposals. If they look to be in order, I appreciate your forwarding them to the Curriculum Committee without much revision
