Dear Peter,

Yesterday, the ASC Graduate Curriculum Committee reviewed a request to make Statistics 6510 an occasional Distance Education course.

I am happy to report that the Committee unanimously approved the request.

The Committee did have the following question about provisions for hearing impaired students: ASCTech checklist: Section 6 (Funding and support for the course technologies are sustainable for future sections of the course): Why is "captioning required" for this course? If it is indeed required, does check mark in "yes" column mean that chair of department has agreed to the expense?

If you could please let us know your answer, we will forward it to the committee.

Should you have any questions about this feedback, please feel free to contact Steve Fink, or me.

Best regards,
Bernadette
