Dear Eric,

On behalf of the SBS Panel of the ASC Curriculum Committee I want to thank you again for attending our meeting last Thursday and providing additional information about the proposed BA in World Politics, BS in Political Science, and Political Science 3780. I am happy to confirm that the Panel unanimously approved the two new majors and the new course.

As was indicated during the meeting, the Panel did have a few recommendations that I here list:

BA World Politics:

- P. 3 of proposal: Please include who will examine assessment data (Director of Undergraduate Studies).
- Add electives slot on advising sheet.

BS Political Science:

- Add electives slot on advising sheet.
- p. 7: add 4781H

Political Science 3780 (new course):

- Question about the credit hours: will class meet for 3 hrs a week? Panel would like to see days / times of scheduled meetings: e.g., Mondays and Wednesdays X:XXam –X:XX am.
- [Note: OAA instructions mention that the Dept of Statistics should be consulted. Since the NMS Panel needs to review the course for the GE Data Analysis request and the faculty member in charge of Statistics curriculum is a member of the NMS panel, the course has been forwarded to that Panel with the request that the Dept of Statistics provide official feedback on the course at that level.]

Should you have any questions about this feedback, please feel free to contact Tom Schwartz (Chair of the SBS Panel), or me.

My best,
Bernadette
