Jan:

The proposal from the School of Music to establish a new major program in Music leading to the Bachelor of Science degree - with tracks in Computer Science, Media and Enterprise, and Sonic Arts - is under review by the Ohio Department of Higher Education - with the goal of having it available by Spring 2018.

Thank you for all the effort that you put into getting supplemental materials - and especially for including the recent NASM materials.

I will monitor this closely going forward and keep you informed.

Note that any reference to the program must indicate: "pending final approval by the Ohio Department of Higher Education".

Thanks.

Randy

W. Randy Smith, Ph.D.
