Course Change Information

What change is being proposed? (If more than one, what changes are being proposed?)

We are adding an online version of Ling 2000.

What is the rationale for the proposed change(s)?

This course is a prerequisite to both the Linguistics Major and Minor programs. In addition, this course fills a GE (Cultures and Ideas). We have created this online version in order to (1) make this course more widely available to OSU students in general, and to (2) potentially allow students from branch campuses to take the prerequisite course (or the GE) before transitioning to OSU's main campus. Transition students who major or minor in linguistics will be able to start the core linguistics curriculum their first semester on main campus once they have taken Ling2000 and so this makes completion of the linguistics major or minor more manageable.

What are the programmatic implications of the proposed change(s)?

(e.g. program requirements to be added or removed, changes to be made in available resources, effect on other programs that use the course)?

None.

Is approval of the request contingent upon the approval of other course or curricular program request? No

Is this a request to withdraw the course? No
