Dear Paula,

History 3071 (request to add GE Diversity—Social Diversity in the U.S.) is currently undergoing a 2-weeks comments period at the ASC Curriculum Committee.

The Committee has indicated that the documents submitted do not include a rationale explaining how students taking the course will achieve the second expected learning outcome for the GE Diversity—Social Diversity in the U.S. category, namely:

2. Students recognize the role of social diversity in shaping their own attitudes and values regarding appreciation, tolerance, and equality of others

Could the Department of History please submit a rationale that specifically addresses ELO #2? An attachment sent via e-mail will be fine. Thank you.

Should you have any questions about this feedback, please do not hesitate to contact Rebecca Harvey (Chair of the ASC Curriculum Committee; cc'd on this e-mail), or me.

My best,  
Bernadette
