---

Dear Sarah and Cathy,

On Thursday, March 6, the Social and Behavioral Sciences Panel of the ASC Curriculum Committee reviewed a proposal to add Distance Education options (100% at a distance & greater or equal to 50% at a distance) to Consumer Science 2910.

I am happy to report that the request was unanimously approved. The Panel had a single recommendation that when the course is taught in DE format the syllabus articulate (or link to) a clear description of the technical support offered to students and how to access it.

The course request will next advance to the full ASC Curriculum Committee for the standard 2-weeks comments period.

Should you have any questions about this feedback, please do not hesitate to contact Tom Schwartz (Chair of the SBS Panel; cc'd on this e-mail), or me.

My best,  
Bernadette
