Dear Peter,

On Thursday, May 29, the ASC Graduate Curriculum Committee reviewed a new course proposal for Statistics 8450.

The Committee unanimously approved the new course with the contingency that concurrences be requested from the following units: (1) Mathematics, (2) Microbiology, (3) Economics, and (4) The John Glenn School.

I will return the course via curriculum.osu.edu in a minute to enable the Dept of Statistics to address the contingency.

Should you have any questions about this feedback, please do not hesitate to contact Steve Fink, or me.

My best,
Bernadette
