To Kevin Cox
From F.W. Schwartz, Chair, Geological Sciences
Re Geological Sciences 607 (Fundamentals of GIS)

Dear Kevin:

I have read your recent correspondence concerning the proposed change in credit hours for Geological Sciences 607, Fundamentals in GIS. The department curriculum committee also has considered the proposed change. This course is cross-listed with Geography, City & Regional Planning, Civil and Environmental Engineering, and the School of Environment and Natural Resources. I am pleased to support the proposed change in credit hours from four (4) to five (5), and wish you success in your application.

Frank Schwartz
