Subject: Team-teaching proposal
Date: Monday, July 28, 2014 11:25:00 AM

Dear Professors Hovick and Martinez :

I am pleased to inform you that Dean Manderscheid has accepted the recommendation of the ASC Curriculum Committee to fund your application for the interdisciplinary team-taught course, "Language, Culture, and Communication in Latino Health." We believe your course will provide a rich and rewarding interdisciplinary experience for OSU students. As spelled out in the call for proposals, "Faculty whose courses are selected will each receive one full-course teaching credit for their participation in the initial year of the team-taught course, and departments offering these courses will be compensated at the lecturer rate during the initial year to offset the cost of covering the departmental course that would otherwise have been taught by the team-teaching instructor."

Please work with the curriculum point person in your departments and with Dr. Bernadette Vankeerbergen (Vankeerbergen.1@osu.edu) in the ASC Curriculum and Assessment Office to provide any further information needed and submit your course through curriculum.osu.edu so that it can be entered into the course catalogue by the Registrar's office. The course has been approved for GE Social Diversity in the U.S. However, the Curriculum Committee was not able to consider the course for GE Service Learning since this would require a preliminary review and approval by the Service Learning Initiative. (Please make sure that your curriculum point person consult with the ASC Curriculum and Assessment Office to discuss this point and other specifics regarding the submission of this team-taught course.) Once the course is formally approved, please work with the schedulers in your respective departments to get your course onto the course schedule for the term you intend to offer it. And please also work with your departments' advisors to publicize and promote the course as widely as possible.

Congratulations, and best wishes,

Rebecca Harvey, Professor of Art
Chair, Arts and Sciences Curriculum Committee

Bernadette Vankeerbergen, Ph.D.
Program Manager, Curriculum and Assessment
