Professor Welty,

Today, the Natural and Mathematical Sciences (NMS) Panel of the ASC Curriculum Committee reviewed a request to grant GE Natural Science-Biological Science status to Entomology 2400H.

I am happy to report that the request for GE status was unanimously approved with one contingency and one recommendation (see below). For College of Arts and Sciences students, Entomology 2400H will be a GE Natural Science—Biological Science for BA-students only. Please see explanation pp. 46-47 of ASC Curriculum and Assessment Operations Manual

https://asccas.osu.edu/sites/asccas.osu.edu/files/ASC_CurrAssess_Operations_Manual.pdf

- Contingency: Request concurrence from Center for Life Science Education (Director: Caroline Breitenberger.1; cc: Assistant Director: Matt Misicka.1)
- Recommendation: Title is very much all-encompassing. Perhaps limit more to Entomology.

I will return the course via curriculum.osu.edu in a minute to enable the Department to take care of the points above.

Should you have any questions about this feedback, please do not hesitate to contact Harald Vaessin (Chair of the NMS Panel; cc'd on this e-mail), or me.

Best,
Bernadette

P.S.: For the prereq information on both the form in curriculum.osu.edu and on the syllabus, shouldn't Honors status be added?
