Bill,

On Monday, the NMS Panel of the ASC Curriculum Committee reviewed a request for new course Math 5421.

I am pleased to report that the course was unanimously approved with three suggestions (to be implemented when the course is taught):

- Disability statement should preferably be written in 16 pt font.
- P. 5: replace reference to “quarter” with “semester.”
- Attendance policy could be clarified.

Since this course is a 5000-level course (i.e., also open to graduate students), it will next be reviewed by the ASC Graduate Curriculum Committee.

If you should have any questions about this feedback, please do not hesitate to contact Harald Vaessin (Chair of the NMS Panel), or me.

Best,
Bernadette
