Dear Ed,

On November 7, the Arts and Humanities Panel of the ASC Curriculum Committee reviewed a request to add GE Historical Study and GE Diversity—Global Studies to Engineering 5797.13.

I am pleased to report that the request was unanimously approved with one contingency and one recommendation:

Contingency: For each GE category, please add GE goals on the syllabus—not only the expected learning outcomes.

Recommendation: Form in curriculum.osu.edu: Remove freshman and sophomore as intended rank. Graduate school will not approve course that lists freshman and sophomore as intended rank of 5000-level course.

I will return the course via curriculum.osu.edu in a minute to enable the College of Engineering to address the points above.

If you have any questions about this feedback, please feel free to contact Carmen Taleghani-Nikazm (Chair-for-the-day of the A&H Panel on Nov. 7; cc'd on this e-mail), or me.

My best,
Bernadette
