Angela,

Slavic 4800 has successfully gone through the comment period at ASCC. The course request will now be advanced to OAA.

This will be a new course with GE Social Science—Individuals and Groups in Autumn 2015. Please remember that the GE assessment plans will need to be implemented each time the course is offered and GE data gathered. After the second offering of each course, the Assessment Panel will ask the Department to submit an initial report summarizing GE assessment results of those first two offerings (following the format of sections I and II of the Assessment Report Requirement in Appendix 7 of the ASC Curriculum and Assessment Operations Manual [p. 88] http://asccas.osu.edu/files/ASC_CurrAssess_Operations_Manual.pdf). Our program assistant Danielle Hogle (hogle.12) can help the Department with any aspect of the GE assessment requirement. She will also make sure to contact the Department before the course is offered and provide any assistance that the faculty member may need. Could you please communicate this information to the faculty member?

Best wishes,
Bernadette

Dear Angela and Derek,

On Thursday, December 18, the Social and Behavioral Sciences Panel of the ASC Curriculum Committee reviewed a request for GE Social Science—Individuals and Groups status for Slavic 4800.

I am happy to report that the Panel unanimously approved the request with one small recommendation that on the syllabus, the reference to “quarter” in the statement on academic misconduct be replaced with “semester.” The Panel thought that the proposal was strong and the assessment plan very good.

The course will next be shared with the full ASC Curriculum Committee and (provided there are no questions or comments) advance to OAA.

If you have any questions about the feedback above, please do not hesitate to contact Professor Pok-sang Lam (Chair of the SBS Panel; cc'd on this e-mail), or me.

My best & Happy New Year--

Bernadette
