---

Hi Larry,

On Monday, November 24, the NMS Panel reviewed a request for Earth Sciences 4798 (new course). The course was unanimously approved with the following three contingencies:

- Concurrences need to be requested from the following units: SBS and NMS units in ASC, Business, Engineering, FAES, Law, and Public Health. Deborah Haddad (here cc'd) will take care of asking SBS and NMS. Could you, Larry, please obtain concurrences from Business, Engineering, FAES, Law, and Public Health?
- Discrepancy in number of reading quizzes: p. 5 Evaluation: reference to 5 reading quizzes; p. 6 Course Assignments: reference to 4 reading quizzes.
- Since there is a disability office at Mansfield (Conard Learning Center, 1760 University Drive), it might be useful to provide their address as well (in addition to the ODS on the Columbus campus).

I will return the course via curriculum.osu.edu in a minute to enable the School of Earth Sciences to address the points above.

Should you have any questions, please feel free to contact Harald, Deborah, or me.

Best,  
Bernadette
