Dear Rachel,

The ASC Graduate Curriculum Committee reviewed Spanish 5389 and Spanish 5705 at their meeting on March 6th.

Spanish 5389 was approved with one *contingency*

- Confer with Anthropology about the title and content of the course and request an updated concurrence.

Spanish 5705 did not go to a vote. The Committee requests that the department address the following concerns:

- Change the course title to reflect that it is a dual career course.
- Adjust the 17 week schedule in the syllabus
- Clarify if this is a Spanish language course or taught in English.
- Clarify the subject matter. For example, all of the syllabi have different topics and the second syllabus title does not seem to align with the topics of the course.
- Suggestion: in the course description add "topics vary."

I will send back the courses via curriculum.osu.edu in a moment. Should you have any questions regarding this feedback please contact me or the Chair of the ASC Graduate Curriculum Committee and Associate Executive Dean, Steve Fink (cc'd on this email).

Best,
Danielle
