Dear Brian and Renee,

On Tuesday, February 10, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee (ASCC) reconsidered a request to add a Distance Learning component to ENR 2100 (a course approved for GE Natural Science-Biological Science).

I am happy to report that the request was unanimously approved with a small recommendation to have the disability statement on the syllabus appear in 16 pt font.

The course request will next be presented to the full ASCC at its next meeting on 2-20-15 and, provided there are no concerns, will then be advanced to the Office of Academic Affairs.

Should you have any questions about this feedback, please feel free to contact Dr. Harald Vaessin (Chair of the NMS Panel), or me.

Best,
Bernadette
