Subject: Revision to the Music BA
Date: Friday, January 30, 2015 2:04:00 PM
Attachments: [Revision Music BA.pdf](#)

Tim,

On Friday, January 23, the ASC Curriculum Committee (ASCC) reviewed a request to revise the Music BA.

I am happy to report that the proposal was unanimously approved with one contingency, namely that the new advising sheet be adjusted to only require one lab for the GE Natural Sciences. In other words, the old statement "One of the courses must have a lab" is correct. (Only BS students need to take a lab in the biological sciences *and* a lab in the physical sciences.)

Also, as you had previously indicated (and since you will be making a revision anyway), could you please adjust both the old and the new advising sheets to say "Required as needed to reach 121 total units" (instead of 120)?

If you have any questions about this feedback, please do not hesitate to contact Meg Daly (Chair of the ASCC; cc'd here), or me. The revised document can be e-mailed directly to me.

My best,
Bernadette
