---

Dear Pasha,

On Tuesday, March 31, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reconsidered a proposal to add an on-line section to Animal Sciences 2200.01 (a course approved for GE Natural Science-Biological Science).

I am happy to report that the Panel unanimously approved the request. The Panel thought it was an excellent proposal that thoroughly addresses all the previous concerns of the Panel.

The course request will next be presented to the full ASC Curriculum Committee at its next meeting and, provided there are no concerns, will then be advanced to the Office of Academic Affairs.

Should you have any questions about this feedback, please feel free to contact Harald Vaessin (Chair of the NMS Panel; cc'd on this e-mail), or me.

Best,  
Bernadette
