Hi Rebecca,

Diane B. passed your message on to me (she was chair for a long time but it's me now). I'm forwarding this to a colleague in Italian, Janice Aski, for her consideration as well. By concurrence, I assume you mean that our department would say we support this new program? I think that's what that usually means, but let us know if it's something more formal or more involved (please hit Reply All). Thanks,

Jenifer
