Dear Sarah,

On Tuesday, April 14 , the ad-hoc GE Service Learning Panel of the ASC Curriculum Committee (ASCC) reviewed ES:CE 2189S for the GE Service Learning category. The Panel did not vote on the course as they would like the following addressed:

- Provide a more complete rationale addressing how the addition of the GE status would benefit students in the college of Education as well as those in other colleges. For example, what other students would be interested in taking this as a GE course?
- How typical is it for students outside of the College of Education to enroll in this course? If possible, provide a history of enrollments to show the percentage of students that take this course that are Education majors and those that are in other majors.

I will send back the course via [curriculum.osu.edu](http://curriculum.osu.edu) in a moment. Should you have any questions regarding this feedback please contact the Chair of the ASCC ad-hoc GE Service Learning Panel, David Stetson (cc'd on this email).

Best,  
Danielle
