Date: Wednesday, September 09, 2015 1:27:29 PM

Dear Professor Daniels,

On Thursday, September 3rd the Natural and Mathematical Sciences Panel reviewed Microbiology 4150 and Microbiology 6050.

Microbiology 4510 was *unanimously approved* with a note from the Panel to be mindful of credit hour requirements when scaling the course to a different length term. (see section VII.B.3. of the curriculum and assessment manual:

https://asccas.osu.edu/files/ASC_CurrAssess_Operations_Manual.pdf)

Microbiology 6050 was *unanimously approved with the following contingency*

- Provide status of concurrences requested (MCDB, OSBP, Biophysics)

I will send back Microbiology 6050 via curriculum.osu.edu in a moment. Should you have any questions regarding this feedback please contact the Chair of the ASCC NMS Panel, Peter Craigmile (cc'd on this email).

Best,
Danielle
