Dear John,

The Department of English agrees with the proposed changes to the sequencing of the Program in Film's core course. FS250 will be a more rewarding class with ENG 263 or HA260 as prerequisites. I am very pleased that due to the successful hiring of two new film candidates, Ryan Friedman and Sean O'Sullivan, English will be able to support the film major to a greater extent than what we previously had imagined.

We are pleased to grant concurrence to your request.

Sincerely,
