	Maximum			29	
Required credit hours offered outside of the unit	Minimum			111	
	Maximum			102	
Required prerequisite credit hours not included above	Minimum			24	
	Maximum			24	

Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

Program Learning Goals

- To train researchers in the latest and most effective approaches for solving vision science problems.
- To train educators for professional programs that train eye care providers.
- To produce scientists for the conduct of vision science in military, government, industrial and other professional settings.

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? Yes

Does the degree program or major have an assessment plan on file with the university Office of Academic Affairs? Yes

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Pre-Major

Does this Program have a Pre-Major? No

Comments

- This is not a new program.

The VISSCI-BS had been an ASC program under the quarter system that had been overlooked during semester conversion. This submission is a direct conversion of the quarter-system program to the current semester system.
