Dear Professor Byram,

On Wednesday, November 4, the Honors Panel of the ASC Curriculum Committee reviewed German 3353H. The course was approved with the following contingencies:

The Panel thinks that the group presentations and in-class discussions, as mentioned in the proposal, are great ideas for the Honors course. In the syllabus, please provide the percentage of the final grade that will come from the group presentations and discussions.

Provide expectations for the papers including the use of secondary works.

Present a full syllabus that clearly articulates the expectations of the students.

I will return the course via curriculum.osu.edu in a moment to enable the department to address the points above.

Should you have any questions about the feedback above, please feel free to contact Alexander Burry (Chair of the ASCC Honors Panel; cc'd on this message).

Best Wishes,
Danielle
