---

Dear Matt,

Yesterday, the NMS Panel of the ASC Curriculum Committee reviewed a proposal to add a 100% distance learning version to the existing Biology 1141.

I am happy to report that the Panel unanimously approved the request.

I do have one question as to why in addition to selecting "100% at a distance" you have also selected "greater or equal to 50% at a distance" (the latter was not previously checked off). Thank you for letting me know. I will advance the course as soon as I hear back from you.

Please let us know if you have any questions.

Regards,  
Bernadette
