Ryan:

The proposal from the College of Arts and Sciences to establish a new undergraduate major in Moving Image Production was approved by the Council on Academic Affairs at its meeting on June 22, 2016. Thank you for attending the meeting and responding to questions/comments.

No additional level of internal approval is necessary. This action will be included in the Council's next Annual Activities Report to the University Senate (June 2016).

The proposal will need approval by the Ohio Department of Higher Education and I will work with the College office on that process. The program cannot be offered until such approval is secured.

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Chair of the Council, Professor Blaine Lilly (.2) or me.

Congratulations on the successful completion of this important stage in the review/approval process.

Randy

W. Randy Smith, Ph.D.
