## Course Change Information

### What change is being proposed? (If more than one, what changes are being proposed?)

This content of this advances topics clinical seminar will shift from solely focusing on adult neurogenic population's speech, and language disorders to a more general course focused providing content to supplement clinical instruction. In addition to the shift in content, we would also like to change to title of this course from Clinical Methods in Speech and Language Disorders: Adult Neurogenics" to "Clinical Methods in Speech-Language Disorders: Advanced Topics" to reflect the broadening of the content area and change the description to reflect the new content that will be covered.

### What is the rationale for the proposed change(s)?

We are broadening the content of this course because the content regarding adult neurogenic population's speech and language disorders has been added to the adult neurogenic courses offered in the fall and spring in order to better prepare students for their outside clinical placements. Thus, this course focuses on continuing to provide content to supplement clinical instruction.

### What are the programmatic implications of the proposed change(s)?

(e.g. program requirements to be added or removed, changes to be made in available resources, effect on other programs that use the course)?

None

Is approval of the request contingent upon the approval of other course or curricular program request? No

Is this a request to withdraw the course? No
