Course Change Information

What change is being proposed? (If more than one, what changes are being proposed?)

renumbering from 2210 to 3210

What is the rationale for the proposed change(s)?

From Dept of Comp Studies: In the revision of our major, we structured our curriculum to create meaningful pathways through it. Students should advance through an organized procession of introductory courses (2XXX), topical or theorizing courses that provide frameworks for the study of particular types of objects or practices (3XXX), and a set of research-oriented classes that provide the opportunity to exercise and refine their abilities to identify complex cultural issues and develop interdisciplinary comparative approaches to those issues (4XXX).

As evidenced by the syllabus, this course fits into the "topical or theorizing" level of our curriculum. It should, therefore, be renumbered 3210

What are the programmatic implications of the proposed change(s)?

(e.g. program requirements to be added or removed, changes to be made in available resources, effect on other programs that use the course)?

No program requirements will be added or moved.

Is approval of the request contingent upon the approval of other course or curricular program request? Yes

Please identify the pending request and explain its relationship to the proposed changes(s) for this course (e.g. cross listed courses, new or revised program)

RS 2210 renumbered to RS 3210 and JS 2210 renumbered to JS 3210 & equivalent H courses.

Is this a request to withdraw the course? No
