Barry:

The proposal from the College of Arts and Sciences to establish an undergraduate minor program in Science and Technology Studies was approved by the Council on Academic Affairs at its meeting on July 6, 2016. Thank you for attending the meeting to respond to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's forthcoming [Annual Activities Report](#) to the University Senate.

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Chair of the Council, Professor Blaine Lilly (.2) or me.

Randy

W. Randy Smith, Ph.D.

Vice Provost for Academic Programs
