1. Provide the rationale for proposing this course: We wish to expand our options for GEC courses in the	_
"cultures and ideas" category. We would like to offer some smaller GEC course with more student involvement with faculty and more possibility of writing assignments. We also wish to expand the options	_
for majors in Classical Humanities who typically have only two courses per quarter from which to choose.	ŧ
We are therefore trying to create a series of courses at the 200-level on aspects of ancient culture to be	-
offered annually. We now have two such courses: Classics 230 (Ancient Medicine); and Classics 240	-
(Classical Archaeology). The subject matter of this course is one that has been in demand by students and	_
that is offered successfully at many universities, but that we have been unable to propose before this	•
