Ike, thanks so much for signing off on this. I appreciate your help. We will indeed work on getting the course cross-listed.

Hi Virginia,

Because the AAAS faculty are on summer leave and I would not like to delay the process, I will approve the concurrence request for A&S 2798.05. I hope that the two faculty members took the appropriate steps to assure that the course is crossed listed with a corresponding course in AAAS. In this way the class be mutually beneficial to students on both campuses. If this is not the case, I hope you will encourage them to do so. Again, let this message stand for my approval of the concurrence request.

Ike

I'm following up on the request for approval for the Cuba course Tiyi Morris is developing for next May on our campus. I emailed in May, at the same time, about a concurrence for a Liverpool course—so this one may have gotten lost in the shuffle. I'd appreciate an update when you have a chance.

I saved the concurrence form as a PDF and attached here, along with the syllabus. Thanks for your help.

Hi Ike and Virginia,

I'm unable to see any of the attached documents mentioned below. Can one of you send them to me so I can forward to the committee for a quick response?

Best,

Curtis

Hi Virginia,

I must first defer to the AAAS Undergraduate Studies Director, Dr. Curtis Austin, so that he and the Undergraduate Studies and Curriculum Committee can review the request and make a recommendation to me. I will be in touch shortly. Curtis can we push this through quickly.

Dr Newsum,

I'm the study abroad director at the Newark campus and have been working with Dr Morris and Dr Saunders, as you know, to facilitate a new Cuba course for May 2017. OIA has approved it and it is now in the curriculum review process. I've been asked to request a concurrence letter from you. Would you please take a look at the attached information and let us know if this is something you support? I've attached the concurrence form which would need your signature--but I understand an email would

suffice as well. The syllabus, which also includes additional information required for curricular approval, is attached as well. Please let me know if you have any questions, and thanks for your time.
