Subject: New Freshman Seminar "The Other Side of the Normal: What is Super-Human Hearing?"
Date: Friday, June 03, 2016 2:16:35 PM

Dear Professor Feth,

The ASC Curriculum Committee has reviewed your proposal for a new freshman seminar, "The Other Side of the Normal: What is Super-Human Hearing?"

I am happy to report that the proposal was approved with a recommendation and a reminder:

- Recommendation: provide more details on the syllabus about the expectations for the written report.
- Reminder: final version of the syllabus should specify that the lectures will be 55 minutes.

Should you have any questions about the feedback, please feel free to contact Meg Daly, faculty Chair of the ASC Curriculum Committee (cc'd here), or me.

I am also cc'ing Todd Bitters and Dawn Nolen, who both administer the Freshman Seminar program. One of them will be in touch with you for the practical arrangements related to teaching the course.

Best wishes,
Danielle
