Dear ASC Curriculum Committee:

The Department of Psychology is pleased to support the Department of Spanish and Portuguese's new course proposal: Spanish 537, Spanish Psycholinguistics. Though there appears to be some overlap both with Linguistics and Psychology, Spanish 537 as proposed seems to be intended for persons with specific interest in the Spanish language and the prerequisite of Spanish 430 makes this clear.

Given the level of the course and the content included in the syllabus, we propose that, Linguistics/Psychology 371, Language and the Mind, might also be an appropriate and desirable prerequisite for Spanish 537.

Please do not hesitate to contact me with further questions at 292-3038.

Sincerely,

A handwritten signature in cursive script that reads "Gifford Weary".
