---

Dear Professor Kraft and Dr. Beers,

The ASC Curriculum Committee has reviewed your proposal for a new freshman seminar, "Digital U: Tech and Your College Career."

The proposal was approved with one contingency, a recommendation, and a reminder.

- Contingency: the readings should be made explicit in the weekly schedule of the syllabus and the amount of reading should be appropriate for a one credit hour course.
- Recommendation: incorporate the apps/tools and the reflections into the schedule. If possible, describe the apps and tools.
- Reminder: the final version of the syllabus should specify that the lectures will be one hour and fifty minutes.

Should you have any questions about the feedback, please feel free to contact Meg Daly, faculty Chair of the ASC Curriculum Committee (cc'd here), or me.

Once the syllabus is updated, addressing the contingency above, you can email it to me.

Best,  
Danielle
