---

Dear Professor Wagner,

The ASC Curriculum Committee has reviewed your proposal for a new freshman seminar, "America's Space Program: From Apollo to SpaceX."

I am happy to report that the proposal was approved with a reminder:

- Final version of the syllabus should specify that the lectures will be one hour and fifty-five minutes.

Should you have any questions about the feedback, please feel free to contact Meg Daly, faculty Chair of the ASC Curriculum Committee (cc'd here), or me.

I am also cc'ing Todd Bitters and Dawn Nolen, who both administer the Freshman Seminar program. One of them will be in touch with you for the practical arrangements related to teaching the course.

Best wishes,  
Danielle
