Dear Allison,

On Wednesday, September 21, the SBS Panel of the ASC Curriculum Committee considered new course requests for Speech and Hearing Sciences 4530 and 7825.

Please find below the feedback of the Panel:

- Speech and Hearing Sciences 4530: unanimously approved
- Speech and Hearing Sciences 7825: The Panel did not take a vote on the course but would like the following points to be addressed first:
 - List of readings should be included in syllabus.
 - Discrepancy between number of weeks on form in curriculum.osu.edu (14 weeks) and 12 weeks in schedule of syllabus. If this is indeed a 14-week course, then schedule should reflect that.
 - Course objectives: Be more specific.
 - Information on p. 1: “2.75 contact minutes/week.” Please adjust.

Speech and Hearing Sciences 4530 will now continue through the approval process. As for Speech and Hearing Sciences 7825, I will return the course via curriculum.osu.edu in a minute to enable the department to address the points above.

Should you have any questions about this feedback, do not hesitate to contact Pok-sang Lam (cc'd here), faculty Chair of the SBS Panel, or me.

Best,
Bernadette

PS: Please do note that we are in the process of updating the disability statement in our materials on-line. The Office of Student Life Disability Services has moved so the revised statement will say, “Students with disabilities (including mental health, chronic or temporary medical conditions) that have been certified by the Office of Student Life Disability Services will be appropriately accommodated and should inform the instructor as soon as possible of their needs. The Office of Student Life Disability Services is located in 098 Baker Hall, 113 W. 12th Avenue; telephone 614-292-3307, slds@osu.edu; slds.osu.edu.”
