---

Dear Allison,

On Wednesday, October 5, the SBS Panel of the ASC Curriculum Committee considered a new course request for Speech and Hearing Sciences 6860.

I am happy to report that the Panel unanimously approved the course with 3 recommendations:

- Remove reference to university recognized absences (since there are none as explained in the paragraph after that).
- Use new disability statement: "Students with disabilities (including mental health, chronic or temporary medical conditions) that have been certified by the Office of Student Life Disability Services will be appropriately accommodated and should inform the instructor as soon as possible of their needs. The Office of Student Life Disability Services is located in 098 Baker Hall, 113 W. 12th Avenue; telephone 614-292-3307, [slids@osu.edu](mailto:slids@osu.edu); [slids.osu.edu](http://slids.osu.edu)."
- When course is taught, add class times.

Speech and Hearing Sciences 6860 will now continue through the approval process.

Should you have any questions about this feedback, do not hesitate to contact Pok-sang Lam (faculty Chair of the SBS Panel, cc'd here), or me.

Best,  
Bernadette
