Dear Professor Slater,

On Wednesday, November 2, the SBS Panel of the ASC Curriculum Committee considered a new course request for Communication 7851.

I am happy to report that the course was unanimously approved with the recommendation that the disability statement include the weblink for the Office of Student Life Disability Services:
slds.osu.edu.

Communication 7851 will now continue through the approval process.

Should you have any questions about the Panel's feedback, please feel free to contact Pok-sang Lam (faculty chair of the Panel; cc'd here), or me.

Best,
Bernadette
