Subject: Microbiology 3798.05 Feedback
Date: Thursday, November 03, 2016 11:15:11 AM

Dear Chuck,

As a reminder, the NMS Panel approved the Microbiology 3798.05 course proposal with the following *contingencies*:

Remove cross-listing with History or History needs to submit the course for approval.

Include the GE Historical Study category information in the proposal which should include the GE Historical Study expected learning outcomes on the syllabus, a GE assessment plan for the Historical Study category, and checking the box in curriculum.osu.edu to flag that the course fulfills the Historical Study GE category.

Clarify the days that “instructor-led group work” will take place

- On page 1 of the syllabus it states that meeting times are MTWRF but on the page describing the credit hours, meeting times are MTW. Please clarify which is correct.

The course will be sent back via curriculum.osu.edu in order for the points above to be addressed. Please let me know if you have any questions.

Best,
Danielle
