Dear Jan and Eva,

This morning the Arts and Humanities 2 Panel of the ASC Curriculum Committee considered a proposal for a new course in the School of Music: Music 4465.

I am happy to report that the Panel unanimously approved the new course with two recommendations/questions:

- The prereqs stated on the form in curriculum.osu.edu and the syllabus are: 2220, 2263.01, 3421, 3424. However, the three uploaded major advising sheets (for Bachelor of Music Education Instrumental, Choral, and General) indicate that for 4665 and all the other courses in that category there needs to be "Professional Standing Level by Faculty Approval of Application Only." This seems to be different from the prereqs for the proposed 4465. Could you please help the Panel understand? Also, if anything should be changed to the prereqs for 4465 on the form in curriculum.osu.edu, could you please let me know before I advance the course to the next level?
- It would be useful to supply more details in the schedule of the syllabus when the course is taught.

I will wait to advance the course request until we have received responses from you regarding the first bullet point above.

Should you have any questions about this feedback, do not hesitate to contact Richard Fletcher (faculty Chair of the Arts and Humanities 2 Panel; cc'd here), or me.

My best,
Bernadette
