Miranda and Garrett:

The proposal from the College of Arts and Sciences to revise the Graduate Interdisciplinary Specialization (GIS) in Latina/o Studies was approved by the Council on Academic Affairs at its meeting on April 19, 2017. Thank you for attending the meeting to respond to questions/comments.

Based on the discussion at the meeting, please revise the proposal: to remove reference to specific faculty members needing to teach the courses, and to define the elective component only in terms of credits needed, not the number of courses.

Please send the revised proposal to Katie Reed (.901) by **May 1, 2017**.

No additional level of review/approval is necessary. This action will be included in the Council's next Annual Activities Report to the University Senate (July 2017).

Please keep a copy of this message for your file on the proposal, and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Chair of the Council, Professor John Buford (.5), or me.

Randy

W. Randy Smith, Ph.D.
