Patrick:

The proposal from the School of Music to revise the Master of Music degree program - by reducing the number of credit hours in the Brass Performance subprogram and increasing the number of credit hours in the String Performance subprogram – was approved by the Council on Academic Affairs at its meeting on August 3, 2017. Thank you for attending the meeting to respond to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's 2016-17 [Annual Activities Report](#) to the University Senate.

Please keep a copy of this message for your file(s) on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact the Chair of the Council, Professor John Buford (.5), or me.
