Dear Yoon,

Yesterday, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reviewed a request for changes to Statistics 6605.

The Panel unanimously approved the changes with one recommendation pertaining to the revised syllabus, namely: Before teaching the course, resolve contradictory statements on p. 3: "There will be no final exam in this class." However, next paragraph states, "Similarly, the final exam must be taken at the time schedule."

The course change will now continue in the approval process.

Should you have any questions about this feedback, do not hesitate to contact Chuck Daniels (faculty Chair of the NMS Panel, cc'd here), or me.

My best,
Bernadette
