Dear Trevon,

On Friday, November 17, the ASC Curriculum Committee reviewed a proposal to create a new undergraduate minor in Quantitative Economics.

I am happy to report that the proposal was unanimously approved. Pok-sang Lam, who is a member of the ASC Curriculum Committee, was able to answer some questions about the minor. We are sorry you could not attend the meeting.

The proposal for the new minor will now be advanced to the Council on Academic Affairs for its review. Further communication about the progress of the minor will come directly from OAA.

Regards,
Bernadette
