Dear Jessica:

ACCAD is requesting two new permanent course numbers for History of Animation, Arts College 350 and Arts College 650. This course will require both an undergraduate and graduate number. The graduate section requires two research papers from the students taking it as graduate credit.

Electronic versions of the concurrence and new course request forms plus syllabi were sent today (March 9) via e-mail to: [asccurrofc@osu.edu](mailto:asccurrofc@osu.edu).

We have successfully taught this course under an experimental number for 2 years (autumn 2004 and winter 2005). The course proposal has also received concurrence from our colleagues in the History of Art Department.

Thank you for your consideration.

Sincerely,

Maria Palazzi  
Director, ACCAD
