Date: Wednesday, October 25, 2017 12:05:00 PM

Dear Professor Braumoeller,

On Tuesday, October 17, the Social and Behavioral Sciences Panel of the ASC Curriculum Committee reviewed a new course proposal for Political Science 7905.

The Panel unanimously approved the request with the following recommendations:

- Remove the link to the videos on page 4 of the syllabus in the section on Academic Misconduct. The videos in the link do not play.
- Include full citations for articles in the course schedule with page numbers for all the readings.
- The course description in the syllabus recommends that students have “prior or concurrent exposure” to “theoretical models and statistical methods.” Consider adding recommended prerequisites to the catalog description so students are aware of this before registering for the course.

Political Science 7905 will continue through the approval process.

Should you have any questions about the feedback of the Panel, please feel free to contact Christina Roup (faculty Chair of the SBS Panel; cc'd on this e-mail), or me.

Best wishes,
Shelby
