Dear all,

This email to confirm what you may already have heard from Shari.

On Wednesday, October 18, the Arts and Humanities 2 Panel of the ASC Curriculum Committee considered a proposal for a new course, Art Education 7200.30 (100% online).

The Panel unanimously approved the course proposal with the following recommendations:

- P. 8: "Your mental health" statement refers to "quarter" and the office of student services of the College of Pharmacy. Request to adjust the statement for semesters and the College of Arts and Sciences.
- P. 9: It might be good to add the physical location of Student Life Disability Services (for students who are Columbus-based) and write the statement about disability services in 16-point font.

The course will now be advanced to the Graduate School and OAA.

All the best,
Bernadette

Bernadette Vankeerbergen, Ph.D.
