Dear Jesse,

This e-mail to confirm what Chuck has likely already told you. On Thursday, April 5, the Natural and Mathematical Sciences Panel of the ASC Curriculum Committee reconsidered the credit hour change for Microbiology 5122 (from 2 to 3 credit hours).

The panel unanimously approved the request with two changes to the form in curriculum.osu.edu:

- Prereq: Should be Microbiology 4110 instead of 4100.
- Change the effective term to Spring 2019 since it is too late to make the credit hour change for AU18.

I have made those changes in curriculum.osu.edu and the course has been advanced.

Let us know if you have any questions.

My best,
Bernadette
