Dear Andrew and Susan,

On Tuesday, February 6, the Social and Behavioral Sciences Panel of the ASC Curriculum Committee reviewed a request to make Sociology 2211S repeatable once (though only one iteration of the course would count for GE Service-Learning).

The Panel unanimously approved the request with the following recommendations (for when the course is taught next):

- Include GE goals and expected learning outcomes (ELOs) on all three syllabi. Prof Bryant's Fall 2016 syllabus has the ELOs but not the GE goals. However, neither one of Prof Chaney's syllabi contain the goals and ELOs for the GE. Furthermore, Prof Chaney's syllabi do not include a statement on how the course will satisfy the stated GE ELOs. Indeed, there is no indication at all in those syllabi that this is a GE course. See p. 13 of ASC Curriculum and Assessment Operations Manual https://ascas.osu.edu/sites/ascas.osu.edu/files/ASC_CurrAssess_Operations_Manual.pdf
- All three syllabi: Please make sure that references to the Student Life Disability Services on the Columbus campus (when included) refer to the proper location (Baker Hall—not Pomerene Hall) and include the proper weblink (slds.osu.edu). See p. 14 of ASC Curriculum and Assessment Operations Manual https://ascas.osu.edu/sites/ascas.osu.edu/files/ASC_CurrAssess_Operations_Manual.pdf
- Accessibility: It might be good to include information about getting to the various places.
- The Spring 2016 syllabus (Prof Chaney) does not include any readings at all. It might be good to specify these in the syllabus.

Should you have any questions about this feedback, do not hesitate to contact Christina Roup (faculty Chair of the SBS Panel; cc'd here), or me.

The course request will now advance to OAA and OUR.

Best,
Bernadette
